

## **Supporting Points of Contact through a Donor Advised Fund**

Thank you for your interest in supporting Points of Contact through a Donor Advised Fund in the United States. Points of Contact has partnered with America Gives, which is an IRS-approved US charitable organization. Contributions to America Gives that are designated for Points of Contact are converted into Israeli shekels and passed on to us after deduction of processing fees.

Every Donor Advised Fund sponsoring organization (for example, Fidelity Charitable) has its own rules and procedures, so you should look at the website of the one that manages your Donor Advised Fund or speak to one of its customer-service representatives for directions about how to apply the information below.

The donation made by your Donor Advised Fund, based on your advice, should go to **America Gives, Inc., EIN: 26-3383926**, which is a 501(c)(3) public charity. It should be designated as intended **for the support of Points of Contact: Volunteer Matchmaking Ltd. (CC), ID number 516754926, through Israel Gives.**

Designating your donation as intended for the support of Points of Contact is done in the same way that you would, for example, designate a donation to your local Jewish day school as intended for its building fund or a donation to the American Red Cross as intended for disaster relief in a specific community. For example, this might be done through a “Comments” section of the website form that you use to tell the sponsoring organization about your recommendation to donate. If in doubt, please contact your sponsoring organization for guidance.

America Gives accepts donations made by check, wire transfer, credit card and PayPal. It also accepts donations of stocks, other securities, and cryptocurrency. Your sponsoring organization can get the necessary details for sending your donation by any of these methods directly from America Gives by writing to them at their email address, [info@americagives.org](mailto:info@americagives.org), or by calling them at (917) 512-2968. Most likely, your sponsoring organization will want to use wire transfer.

Please let us know about your donation by emailing us at [office@pointsofcontact.org](mailto:office@pointsofcontact.org), so we can track it from our end and make sure we receive it. You can also write to us at this address if you have any questions or encounter problems. Thank you again for supporting the holy work of Points of Contact. *Tizku L'Mitzvot!*
